CHIEF EXECUTIVE OFFICER SUMMIT

THE ACADEMY FORUMS

The Academy consists of 16 Executive Forums and two Summits (CEO and Trustee). This peer network is designed for senior-level corporate executives of the Top-100 Health Systems and prominent corporations who have similar challenges and opportunities.

THE CEO SUMMIT

The CEO Summit convenes CEOs of major sectors of the healthcare economy to learn, contribute, and network with their peers to reengineer relationships within the healthcare economy – employers, providers, insurers, and governments.

PROGRAMMING

- Bring CEO leaders together to leverage the breadth and depth of intellectual capital and develop a deeper understanding of the incentives, challenges, and opportunities driving healthcare spending
- Develop shared understanding of reengineering alternatives and a common basis for change

STRATEGIC INDUSTRY PARTNERSHIPS

By design, The Academy Forums include a balance of health system and health industry executives collaborating within the guidelines of The Academy's Code of Conduct and Principles of Participation. Understanding that transformation is driven by societal and healthcare trends, health systems continuously evolve their innovation strategies and pursue superior execution. Health system and industry executives partner to assess and anticipate trends, test new ideas, and collaborate to identify and accelerate new innovations.

“I look back on 1998, when I started with the first group of CMOs in The Academy, with great affection. The individuals I met then are great friends and colleagues today, and many of us have moved to the top of our respective health systems, which is a credit to The Academy. Most importantly, 18 years later, I can still pick up the phone and talk to these people to exchange ideas.”
