Chief Executive Officer Summit

The Academy Forums

The Academy consists of 16 Executive Forums and two Summits (CEO and Trustee). This peer network is designed for senior-level corporate executives of the Top-100 Health Systems and prominent corporations who have similar challenges and opportunities.

The CEO Summit

The CEO Summit convenes CEOs of major sectors of the healthcare economy to learn, contribute, and network with their peers to reengineer relationships within the healthcare economy – employers, providers, insurers, and governments.

Programming

- Bring CEO leaders together to leverage the breadth and depth of intellectual capital and develop a deeper understanding of the incentives, challenges, and opportunities driving healthcare spending
- Develop shared understanding of reengineering alternatives and a common basis for change

Strategic Industry Partnerships

By design, The Academy Forums include a balance of health system and health industry executives collaborating within the guidelines of The Academy's Code of Conduct and Principles of Participation. Understanding that transformation is driven by societal and healthcare trends, health systems continuously evolve their innovation strategies and pursue superior execution. Health system and industry executives partner to assess and anticipate trends, test new ideas, and collaborate to identify and accelerate new innovations.

Membership Benefits

Members of the CEO Summit receive the following benefits:

- An exclusive peer network of CEOs representing Top-100 health systems
- A stake in driving transformation through active strategy discussions about topics such as the health system's innovation strategy
- Access to The Academy's member network, research, and consulting expertise
- Annual membership is all-inclusive of meeting fees and meals; members are responsible for their own travel and lodging
