CHIEF FINANCIAL OFFICER

THE ACADEMY FORUMS

The Academy consists of 16 Executive Forums and two Summits (CEO and Trustee). This peer network is designed for senior-level corporate executives of the Top-100 Health Systems and prominent corporations who have similar challenges and opportunities.

THE CHIEF FINANCIAL OFFICER FORUM (CFO)

The CFO Forum is designed for Chief Financial Officers of the largest health systems, whose organizations have similar challenges and opportunities by virtue of their size, focus on integration, and prominence in their communities.

PROGRAMMING

The CFO Forum convenes twice annually. Meeting topics are developed through active discussions with CFO Forum members and focus on future-oriented strategic topics. Formats vary and include a combination of case study profiles, guest speakers and small and large group discussions:

- Topics – Span disruptive technologies, shared risk strategies, impact of health policy, and transformational cost reduction
- Issues Forums – Health system and industry members share insights on opportunities and challenges facing large health systems
- Health System Discussions – Health system members convene to discuss key strategic issues and share best practices
- Fireside Chats – Members gather for interviews with notable guests including health and business executives, political experts, authors, and other prominent individuals

STRATEGIC INDUSTRY PARTNERSHIPS

By design, The Academy Forums include a balance of health system and health industry executives collaborating within the guidelines of The Academy's Code of Conduct and Principles of Participation. “I look back on 1998, when I started with the first group of CMOs in The Academy, with great affection. The individuals I met then are great friends and colleagues today, and many of us have moved to the top of our respective health systems, which is a credit to The Academy. Most importantly, 18 years later, I can still pick up the phone and talk to these people to exchange ideas.”
