Chief Human Resources Officer

The Academy Forums

The Academy consists of 16 Executive Forums and two Summits (CEO and Trustee). This peer network is designed for senior-level corporate executives of the Top-100 Health Systems and prominent corporations who have similar challenges and opportunities.

THE CHIEF HUMAN RESOURCES OFFICER FORUM

The CHRO Forum is designed for Chief Human Resources Officers of the largest health systems, whose organizations have similar challenges and opportunities by virtue of their size, focus on integration, and prominence in their communities.

The human resources environment of the largest health systems is expected to be challenging with an emphasis on cost controls, efficiency, more defined and precise standards in governing performance, and new care locations.

PROGRAMMING

The CHRO Forum convenes twice annually. Meeting topics are developed through active discussions with CHRO Forum members and focus on future-oriented strategic topics. Formats vary and include a combination of case study profiles, guest speakers and small and large group discussions:

- Topics – Span total HR redesign, changing leadership structures, and strategies for transforming employee health through benefit redesign
- Issues Forums – Health system and industry members share insights on opportunities and challenges facing large health systems
- Health System Discussions – Health system members convene to discuss key strategic issues and share best practices
- Fireside Chats – Members gather for interviews with notable guests including health and business executives, political experts, authors, and other prominent individuals
