- Issues Forums – Health system and industry members share insights on opportunities and challenges facing large health systems

“I look back on 1998, when I started with the first group of CMOs in The Academy, with great affection. The individuals I met then are great friends and colleagues today, and many of us have moved to the top of our respective health systems, which is a credit to The Academy. Most importantly, 18 years later, I can still pick up the phone and talk to these people to exchange ideas.”

– Rod Hochman, M.D.
