PHILANTHROPY

The Academy Forums

The Academy consists of 16 Executive Forums and two Summits (CEO and Trustee). This peer network is designed for senior-level corporate executives of the Top-100 Health Systems and prominent corporations who have similar challenges and opportunities.

The Philanthropy Forum

The PHIL Forum is designed for Philanthropy executives of the largest health systems, whose organizations have similar challenges and opportunities by virtue of their size, focus on integration, and prominence in their communities.

Philanthropy is a highly visible measure of community support for the mission of the health system. It also clearly reflects the commitment of the largest health systems to their communities. Today's health systems are challenged to expand high-performance, sustainable philanthropy within a complex environment while developing professional skills within the Philanthropy office.

The Philanthropy Forum is based on a membership of health system executives and it emphasizes leadership development for its top performing Major Gift Officers.

Programming

The Philanthropy Forum convenes twice annually. Meeting topics are developed through active discussions with Philanthropy Forum members and focus on future-oriented strategic topics. Formats vary and include a combination of case study profiles, guest speakers and small and large group discussions:

- Topics – Span foundation integration following mergers and acquisitions, to managing trustee and board relationships
- Issues Forums – Health system and industry members share insights on opportunities and challenges facing large health systems
- Health System Discussions – Health system members convene to discuss key strategic issues and share best practices
- Fireside Chats – Members gather for interviews with notable guests including health and business executives, political experts, authors, and other prominent individuals

Membership Benefits

Members of the Philanthropy Forum receive the following benefits:

“I look back on 1998, when I started with the first group of CMOs in The Academy, with great affection. The individuals I met then are great friends and colleagues today, and many of us have moved to the top of our respective health systems, which is a credit to The Academy. Most importantly, 18 years later, I can still pick up the phone and talk to these people to exchange ideas.”

- Rod Hochman, M.D.
President & CEO, Providence St. Joseph Health
